3+ years in Strategy & Operations at a Series C fintech (\$200M raised, 500+ employees), plus 1+ year in credit trading and macro research at a Tier 1 global bank. Led regulatory licensing and market expansion across global markets.

EXPERIENCE

Senior Strategy & Operations Analyst | Aspire FT Jan 2023 – Present

Series C fintech (Sequoia, Lightspeed); \$200M raised, 500+ employees, 15k+ customers, \$12B transaction volume

- Spearheaded Aspire's first global investment license (CMS in Singapore), enabling launch of yield product that reached **\$80M AUM in 6 months** (4-8x initial target); served as Authorized Representative, personally accountable to regulators.
- Led end-to-end regulatory licensing for **3 new markets** (Singapore, Australia, Hong Kong), managing cross-functional coordination with global heads of Legal, Compliance, Product, and Operations.
- Handpicked by CEO to join founding expansion team; co-created the market entry playbook (stage gates, RACI, org structure) from scratch, **increasing licensing application throughput from 1-2 per year to >5 per year**.
- Built financial, P&L, and unit economics models for market prioritization; presented go/no-go recommendations to C-suite (President, CEO, CPO, CSO), influencing \$1-10M budget decisions.
- Built internal AI-powered automation workflows using ChatGPT and Claude for competitive intelligence and customer insights analysis.

Asia Credit Trader & Research Strategist | Standard Chartered Bank

Sep 2021 – Dec 2022

Tier 1 Global Bank; competitive Financial Markets rotational program

- Analyzed distressed bond portfolio for sale, determining market pricing that informed **\$10-20M transaction** within first month on desk.
- Owned weekly EM fund flows publication distributed to **1,000+ internal and external stakeholders**; rebuilt data pipeline from manual Excel to automated Python/R scripts.

ENTREPRENEURIAL EXPERIENCE

Kindlespark — Co-founder

Aug 2020 – Dec 2024

Social enterprise alleviating education inequality by connecting volunteer tutors to underserved students

- **Scaled platform to 3,000+ tutoring sessions, 200+ students, and 300-400 volunteer tutors** over 5 years; accredited social enterprise under raiSE Singapore.
- **Established partnerships** with 3 Social Service Offices and Visit.org, enabling corporate volunteer programs with CrowdStrike, Fitch Ratings, Dolby, Lumen, and New Relic for student development activities.

H1B1 Sponsor Tracker — Creator (h1b1sponsor.work)

2026

- Built web application aggregating US government data on H1B1 visa sponsorship; **3,000 visitors in first week**.
- Tech: Astro, TypeScript, D3.js, deployed on Cloudflare.

EDUCATION

National University of Singapore (NUS)

Aug 2017 – May 2021
